

iBR® (Intelligent Brake & Reverse)

ECO[™] mode and Touring / Sport mode

Still one of the most exciting ways to get your family on the water. Features like a brake (iBR) and Learning Key let you and your loved ones ride with total confidence and control. Its hull design delivers a more thrilling ride and makes reboarding easier. With the upgraded GTI SE a touring seat and reboarding step are standard.

SPECIFICATIONS

DIMENSIONS

Length	
Width	
Height	44" / 111.8 cm
Weight (dry)	755 lb / 343 kg
Rider capacity	3
Fuel capacity	15.9 gal / 60 l
Storage capacity	

ENGINE

Туре15	503 NA or 1503 Rotax® 4-TEC® engine
Intake system	Naturally aspirated with
	60 mm throttle body
Bore x stroke	100 mm x 63.4 mm
Displacement	1,494 сс
Compression ratio	
Cooling	Closed-Loop Cooling System (CLCS)
Fuel type	

DRIVE UNIT

Propulsion system	Sea-Doo® Direct Drive
Jet pump	Aluminum, axial flow, single stage,
	large hub with 10-vane stator
Transmission	Electronic iBR
Impeller	Stainless steel

ELECTRICAL

Ignition	Digital induction
Starter	Electric
Battery	

HULL AND DECK

Туре	LFI, composite
Colors	Black and Sunshine
	Lucky Green (GTI SE 130 only)

iControl® programmable Learning Key®

Fold-down reboarding step

VTS[™] (Variable Trim System)

Touring seat

GTI SE 155/130

Lucky Green (GTI SE 130 only)

ENGINE

1,494 cc four-stroke, Rotax with four valves per cylinder	1503 NA or 1503 Rotax 4-TEC engine provides reliable performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC [™] (Intelligent Throttle Control)	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Touring / Sport mode and ECO mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl Learning Key	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
D-Sea-Bel [™] system	Combines a series of resonators and vibration- absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted	Engine starts and stops with single,
start/stop button	user-friendly control button.
Tip Over Protection System (T.O.P.S.™)	Protects engine in case of turn over.

FEATURES

in" that integrates and controls all systems the best possible ride.
choice between two throttle responses for triding styles. Touring mode is the default ffering a more progressive acceleration r a more confident ride - ideal for cruising o riding. Sport mode can be easily activated e Sport button. It provides all acceleration ance for a more aggressive throttle response.
function automatically determines the most cal power delivery and sets the optimal RPM set fuel economy.
cess and prevents water intrusion Tueling.
23 key operating functions: I, Tachometer, Speedometer, Touring / Sport CO mode, Hour meter, Compass, Clock, Fuel btion meter, VTS, F-N-R indicator, Low fuel w oil level / pressure, Low / high voltage, t, Check engine, Key (wrong key), Learning ntenance info, Error codes.
's first digitally encoded theft-deterrent
the operator with additional steering effect rottle situations for greater maneuverability. Dual drain plugs External exhaust cooling flush attachment Emergency floating lanyard Seat strap Operator's guide, instructional video and booklet

PROPULSION SYSTEM

Sea-Doo Direct Drive Delivers optimum performance with the Rotax engine. propulsion system iBR (Intelligent Brake..... .. The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft¹. All with the squeeze of a lever. And & Reverse) system with its electronic reverse, it gives you a level of maneuverability that makes docking easier. .. Handles the high-performance engine without erosion. Aluminum stator vanes..... Dual automatic vacuum Continuously removes water entering the engine compartment. siphon pumps Large diameter drive shaft Maintains engine and pump alignment at all with crowned spline design operating speeds. Replaceable UHMW² wear ring Provides long impeller life, less maintenance and maximum thrust. ... Delivers improved acceleration, higher top speed Stainless steel impeller and less cavitation.

SE PACKAGE

Fold-down reboarding step	. Makes reboarding from the water easier and quicker.
Additional gauge functions	. VTS, fuel consumption meter, clock.
Touring seat	. Ergonomically designed for comfort and great looks
	providing ultra-plush seating for three.

OPTIONS

3-position retractable ski pylon Removable wakeboard rack Depth finder Cruise control Ski mode Slow mode Time/distance to empty Top/average speed/RPM Lap timer Engine temperature

Removable dry bag for front storage Ski tow eye Speed Tie[™] Removable storage bin Safety kit Sandbag anchor Fire extinguisher iCatch[™] bow cup Sea-Doo Move trailer Storage cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
