GTR 215

DIMENSIONS

Length	132.6" / 336.8 cm
Width	48.5" / 123.1 cm
Height	44" / 111.8 cm
Weight (dry)	765 lb / 348 kg
Rider capacity	3
Fuel capacity	15.9 gal / 60 l
Storage capacity	30.8 gal / 116.6 l

ENGINE

Туре	1503 SC Rotax® 4-TEC® engine
Intake system	Supercharged with intercooler,
	60 mm throttle body
Bore x stroke	100 mm x 63.4 mm
Displacement	1,494 cc
Compression ratio	8.4:1
Cooling	Closed-Loop Cooling System (CLCS)
Fuel type	87 octane — minimum
	91 octane – recommended

DRIVE UNIT

Propulsion system	Sea-Doo Direct Drive
Jet pump	Aluminum, axial flow, single stage,
	large hub with 10-vane stator
Transmission	Electronic iBR®
Impeller	Stainless steel
•	

ELECTRICAL

Ignition	Digital induction
Starter	Electric
Battery	12 V

HULL AND DECK

Type	LFI, composite
Color	Orange Burst

Driving Center including high-performance VTS

 $\textbf{EC0}^{\mathsf{m}} \textbf{and Sport mode controls}$

iBR (Intelligent Brake & Reverse)

Aggressive X-inspired coloration

Front storage compartment

Touring seat

ENGINE

1,494 cc four-stroke, Supercharged, intercooled 1503 SC Rotax 4-TEC engine Rotax with four valves provides reliable ultra-high performance in fresh or salt water, increased torque at low RPM, optimized per cylinder power at all RPM levels and throttle positions. Multi-port fuel injection...... Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption. Thottle Control) system starts you in neutral for easier dockside starts. It also features an activity-specific Touring / Sport mode and ECO mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride. iControl® Learning Key®......The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level. D-Sea-Bel™ system...... Combines a series of resonators and vibrationabsorbing components to make Sea-Doo watercraft some of the quietest on the water. Closed-Loop Cooling System......... Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris. Water/air separator Provides maximum airflow to engine and reduces water intrusion. Watertight digital ignition...... Provides optimal energy for a consistent spark, ensuring maximum performance. RPM limiter...... Protects engine from over-revving. Warning device...... Warns operator of engine and exhaust overheating, engine management and system failure. Handlebar-mounted...... Engine starts and stops with single, start/stop button user-friendly control button.

Tip Over Protection......Protects engine in case of turn over.

FEATURES

Dual drain plugs

System (T.O.P.S.[™])

realures		
iControl	The '	'Brain' that integrates and controls all systems
	to cre	eate the best possible ride.
Touring / Sport mode		s a choice between two throttle responses for
		rent riding styles. Touring mode is the default
		ng offering a more progressive acceleration
		e for a more confident ride — ideal for cruising 2-up riding. Sport mode can be easily activated
		g the Sport button. It provides all acceleration
		rmance for a more aggressive throttle response.
Touring seat		nomically designed for comfort and great looks
C	provi	ding ultra-plush seating for three.
High-performance electric	Provi	des pre-set positions for quick settings
VTS (Variable Trim System)		adjusting boat trim, maximizes acceleration
		nigh-speed stability.
ECO mode		TC function that automatically determines the
		economical power delivery and sets the optimal
Footwall cornets with		for greatest fuel economy. extra comfort, non-skid surface and great looks.
Sea-Doo logo pattern	Ullei	extra connort, non-salu surface and great looks.
Interactive Multifunction	Renn	rts 24 key operating functions.
Digital Information Center		level, Tachometer, Speedometer, Hour meter,
Digital information contor		pass, Clock, Fuel consumption meter, Touring /
		t mode, ECO mode, VTS preset, F-N-R indicator,
		fuel level, Low oil level / pressure, Low / high
		ge, Overheat, Check engine, Key (wrong key),
Distribution Francisco		ning Key, Maintenance info, Error codes.
		stry's first digitally encoded theft-deterrent
System (D.E.S.S.™)	syste	
Steering (O.T.A.S.™)		des the operator with additional steering effect f-throttle situations for greater maneuverability.
Sponsons	111 011	External exhaust cooling flush attachment
Bumpers		Emergency floating lanyard
Swim platform carpet w/ Sea-Doo	logo	Seat strap
Wide-angle mirrors	00	Elevated fuel filler
Rear grab handle		Tow hook

PROPULSION SYSTEM

I KUI ULUIUN SISILM	
iBR (Intelligent Brake& Reverse) system	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft ¹ . All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Sea-Doo Direct Drivepropulsion system	. Delivers optimum performance with the Rotax engine.
Replaceable UHMW ² wear ring	. Provides long impeller life, less maintenance and maximum thrust.
Dual automatic vacuumsiphon pumps	. Continuously removes water entering the engine compartment.
Large diameter drive shaftwith crowned spline design	. Maintains engine and pump alignment at all operating speeds.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.
Aluminum stator vanes	. Handles the high-performance engine without erosion.

OPTIONS

3-position retractable ski pylon Engine temperature Removable wakeboard rack Speed Tie Removable dry bag for front storage Ski mode Removable storage bin Top/average speed/RPM Depth finder Sandbag anchor Safety kit Lap timer Fire extinguisher Cruise control iCatch™ bow cup Slow mode Sea-Doo Move trailer Time/Distance to empty Storage cover Fold-down reboarding step

WARRANTY

BRP limited warranty covers the watercraft for one year.
